

# Sunbeam<sup>®</sup>

## Projector Motorized Lift

### Features:

1. The product is designed based on a synchronous machine with ease down & Electro-magnetic brake and scissor shaped design with Micro wave position-fixing. It's character is uniformity of operation.
2. The noise is within 50 decibels.
3. Unique & attractive appearance
4. It can load heavier projectors than other products and owns high safety factor.

### Model No: S-100

1. Packing Dimension: 560x560x250mm
2. Bottom panel: 480 x 480mm
3. Weight(include panel): 25KG
4. Travel Length: 100cm
5. Power: 25W
6. Loading Capacity: 20KG
7. Voltage: AC220V 50HZ

### Model No: S-150

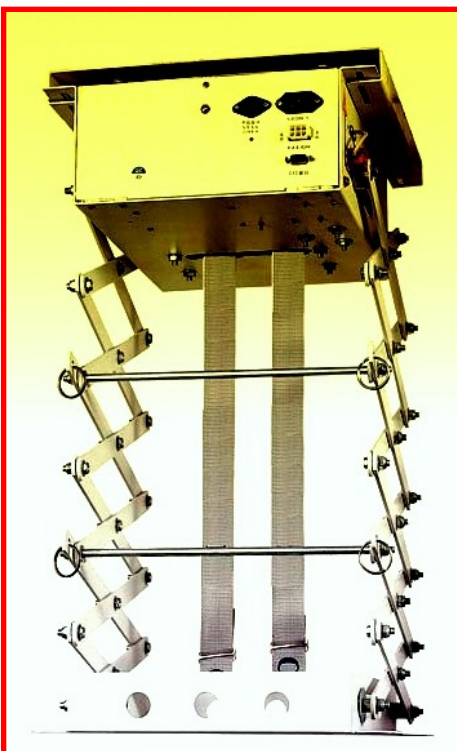

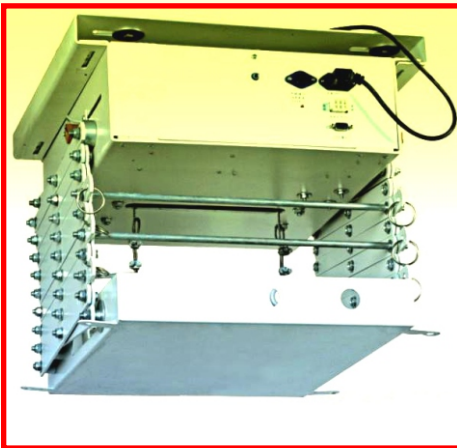

1. Packing Dimension: 560x560x300mm
2. Bottom Panel: 480 x 480mm
3. Weight(include panel): 27KG
4. Travel Length: 150cm
5. Power: 25W
6. Loading Capacity: 20KG
7. Voltage: AC220V 50HZ

### Model No: S -200

1. Packing Dimension: 560x560x340mm
2. Bottom panel: 480 x 480mm
3. Weight(include panel): 30KG
4. Travel Length: 200cm
5. Power: 40W
6. Loading Capacity: 20KG
7. Voltage: AC220V 50HZ

### Model No: L-150

1. Packing Dimension: 750x760x480mm
2. Bottom Panel: 70 x 70mm
3. Weight(include panel): 52KG
3. Travel Length: 150cm
4. Power: 40W
5. Loading capacity: 50KG
6. Voltage: AC220V 50HZ
